

What I don't do any longer: or "How do I hate ulna styloid fractures?"

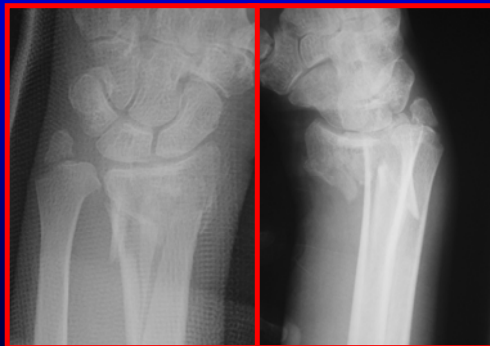

Thomas Trumble, M.D.

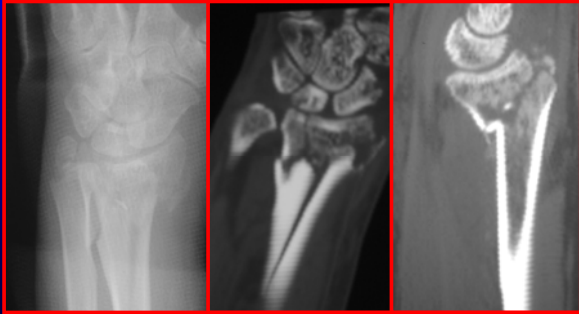

How I Hate Ulna Styloid Fx?

- ORIF causes wrist stiffness
- The styloid is an egg shell
- The ORIF implants often move
- Early ROM can stress the fixation
- The dorsal sensory br. Of the ulnar nerve can't take a joke

A.O. C3 Radius Fracture

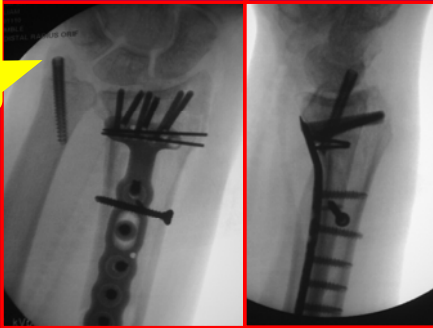

A.O. C3 Radius Fracture

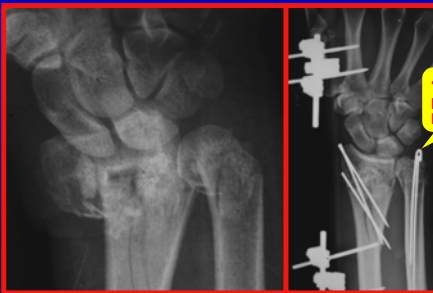

A.O. C3 Radius Fracture

The screws can split the styloid

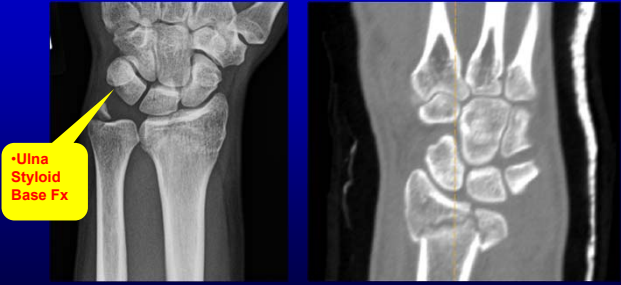

Kapandji Pinning

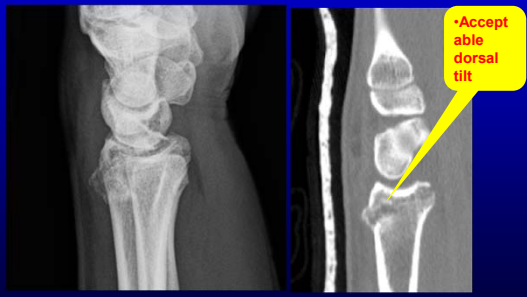

The pins loosen
